American Journal of Physiology
(consolidated)

The consolidated *American Journal of Physiology* (AJP) ranks as one of the most frequently cited publications among all physiology journals listed in the Journal Citation Index. Published in two monthly volumes by the American Physiological Society, the consolidated AJP brings you approximately 2,600 articles encompassing over 21,000 pages annually.

The consolidated edition of the AJP provides comprehensive coverage of the latest research published in these important *specialty journals*:

- **Cell Physiology**
- **Endocrinology and Metabolism**
- **Gastrointestinal and Liver Physiology**
- **Heart and Circulatory Physiology**
- **Lung Cellular and Molecular Physiology**
- **Regulatory, Integrative and Comparative Physiology**
- **Renal Physiology**

As your comprehensive source for the full spectrum of current physiological research at a single low subscription price, the consolidated AJP is an unbeatable value.

**Important Information for Readers & Authors**

- **Google search engine**: All online content searchable through the Google search engine.
- **Index Medicus, Biosis Previews, and ISI Web of Science**: APS journal content indexed on MEDLINE and accessible through PubMed.
- **CiteTrack**: Receive e-mail alerts when new content matches criteria based on the topics, authors, and articles you want to track.
- **eTOCs**: Free e-mail notification of new tables of content as they become available.
- **RSS Feeds**: A mechanism to subscribe to “headlines” from a web site.
- **LOCKSS and CLOCKSS**: Perpetual/Electronic Archiving of LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals.
- **CrossRef**: APS participates in CrossRef initiative, which links to over 5,600 journals worldwide.
- **Legacy Content**: an online package of over 100 years of historical scientific research from 13 APS research journals.
- **Author Options**: Authors can choose to pay a fee on top of regular author fees and have their articles publicly available upon publication.
CALL FOR NOMINATIONS

For the Editorship of

Physiology

Nominations are invited for the Editorship of Physiology to succeed W. Boron, who will complete his term as Editor on June 30, 2012. The Publications Committee plans to interview candidates in the Fall of 2011.

Applications should be received before August 15, 2011.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Hershel Raff, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991
BIOSIS PREVIEWS • ISI Web of Science • MEDLINE and PubMed: APS Journal content is indexed through all of these excellent services.

HighWire: APS journals are hosted by HighWire Press (a division of Stanford University Libraries), the leading ePublishing platform for high impact, peer-reviewed content, with 1,465 journals.

eTOCs (electronic Table of Contents): Receive instant notification of new APS content.

CiteTrack: Use your own criteria and key words to be notified of newly posted APS journal content.

RSS Feeds: Another great way to receive a notification of newly posted APS journal content.

Free Necessary Color: Regular or Student members of APS who are first or last authors of articles in any of the APS research journals get free scientifically necessary color.

FREE Online Access to the extensive collection of back issues 12 months after publication.

AuthorChoice: Authors can choose to pay a fee on top of regular author fees and have their articles publicly available upon publication.

Articles in Press: Instant, subscription-based access to newest research (post-acceptance, pre-copyedited) in original manuscript format.

Legacy Content: Online package of over 100 years of historical scientific research from 13 American Physiological Society research journals going back to the first issue of each of the APS journals.

Manuscripts online within days of acceptance!
2011 American Physiological Society Conferences

2011 APS Conference:
7th International Symposium on Aldosterone and the ENaC/Degenerin Family of Ion Channels: Molecular Mechanisms and Pathophysiology

**DATE:** September 18-22, 2011  
**PLACE:** Asilomar Conference Grounds  
Pacific Grove, California (USA)

**Abstract:** June 1, 2011  
**Registration:** August 12, 2011  
**Housing:** August 12, 2011

*For more information or to register, visit:*  
[www.the-aps.org/enac](http://www.the-aps.org/enac)

---

**Preliminary Program**
- Structure and Function of ENaC and Related Transporters
- Structure and Function of Mineralocorticoid and Glucocorticoid Receptors
- Regulation of ENaC Biogenesis, Trafficking and Gating
- Aldosterone Synthesis and Regulation of Adrenal Cortex Function
- Non-Epithelial Actions of Aldosterone and Crosstalk with Other Systems
- ENaC Pathophysiology
- Aldosterone Pathophysiology

---

2011 APS Conference:  
Physiology of Cardiovascular Disease: Gender Disparities

**DATE:** October 12-14, 2011  
**PLACE:** University of Mississippi Medical Center  
Jackson, Mississippi (USA)

**Abstract:** June 20, 2011  
**Advance Registration:** September 12, 2011  
**Housing:** September 15, 2011

*For more information or to register, visit:*  

---

**Preliminary Program**
- Aging and Cardiovascular Disease
- Gender Disparities in Renal Disease
- Diabetes, Obesity and Cardiovascular Disease
- Neuro Mechanisms and Depression in Cardiovascular Disease
- Gender Disparities in Cardiology
- Cardiovascular Disease and Inflammation
- Gender Differences in Vascular Function
- Cardiovascular Disease and Fertility
